## Relevant Past Performance

Contract	Prime
DTRA Cooperative Threat Reduction (CTR) Program A&AS GS5 provides Advisory and Assistance Services (A&AS) to the DTRA CTR Program, including systems engineering, acquisition training, and PPBES/financial support. Our experts have performed careful unliquidated obligation (ULO) research that saved DTRA (and the taxpayer) significant expense.	[sub]
NGIC Systems Engineering and Technical Assistance (SETA) In support of NGIC programs and the Counter Insurgency Targeting Program (CITP), GS5 provides BAH with requirements management, configuration management, risk management, SETA, user acceptance testing and other test support, QA, and technical evaluation. The team consistently receives high praise, from both BAH and the customer, for the quality of its efforts.	[sub]
JIEDDO Deputy's Management Action Group (DMAG) Strategic Planning Support GS5 supports strategic planning for JIEDDO's decision on the enduring attributes required within DoD post-OEF to ensure agility within the Department's requirements, funding, and acquisition processes in the event of future contingencies. <i>Results:</i> Very rapid staffing of contract personnel (< 2 weeks); detailed products developed ahead of schedule and adopted by the DoD DMAG QRC Working Group for presentation to DEPSECDEF.	[8(a) prime]
CECOM SEC IFSD Support (TO42) GS5 supplies support to: process improvement; strategic planning; C2IS2; and software engineering and T&E. We perform planning, coordination, and scheduling in support of DCGS-A Software Baseline development, integration and preparation activities, to include Initial Operational T&E in support of a worldwide Software Deployment Decision. We also provide ILS management support to fielding and sustainment activities for the DCGS-Enabled Common Ground Station (DE-CGS).	[sub]
CECOM SEC IFSD Support (TO53) GS5 provides process improvement support services: identifying capability gaps to support new technology; identifying organizational, budgetary, personnel resource, and facility deficiencies; and developing/presenting various courses of action (CoAs). <i>Results:</i> reduced re-work of project assignments; reduced time for new hires to become effective project leads; improved leadership communications, benefitting organizational morale; retained organizational culture while improving "Workforce Buy-In."	[sub]
PEO EIS Program Manager AcqBusiness Provides Administration and Operations; Strategic Communications; Process Governance Support; Requirements Analysis; Business Management Support; and Master Project Scheduling.	[8(a) prime]
